

2021 National Hurricane Conference Virtual Amateur Radio Workshop Information

Amateur Radio will again be represented at the 2021 National Hurricane Conference which will be held this year in New Orleans, Louisiana (<http://www.hurricanemeeting.com>). The conference theme is to improve hurricane preparedness as it has been in past years. All Amateur Radio sessions are free and will be virtual only offered via the Zoom platform and uploaded to Youtube for those that can't attend the sessions live. For 2021, all the Amateur Radio sessions will be on Tuesday June 15th, 2021 from 1030 AM-1200 PM EDT and from 130 PM-500 PM EDT. Each presenter will not only give an overview of their respective group but also how their group handled the significant hurricanes over the last 2 years. Here is the session breakdown:

NHC Session #1 – 1030 AM-1200 PM EDT: Rob Macedo-KD1CY will present on the VoIP Hurricane Net and best practices in SKYWARN Tropical Systems presentation. Bob Robichaud-VE1MBR from the Canadian Hurricane Centre will present on Hurricane Meteorological topics including the last 2 years in review and the forecast for 2021. He will also provide a brief overview of Canadian Hurricane Centre Operations. WX4KEG-Ken Graham, NHC Director will present the importance of Amateur Radio surface reporting.

NHC Session #2: 130 PM-310 PM EDT: Julio Ripoll-WD4R will present WX4NHC Operations, Bobby Graves-KB5HAV will present a Hurricane Watch Net Overview and Bill Feist-WB8BZH will present a SATERN (Salvation Army Team Emergency Response Radio Network) overview

NHC Session #3: 330-500 PM EDT: Ken Bailey-K1FUG will give an ARRL update. This will be followed by a Q & A session and raffle prizes will be offered.

Amateur Radio presentations will be recorded and online via Zoom and uploaded Youtube post workshop. The Zoom information for the workshop is listed below:
